Coffee Fuelled Software Development Pvt.Ltd.

Oct 2019 - Apr 2023

Front End Developer

- Developed features for both mobile and desktop platforms using HTML, CSS, and JavaScript.

- Enhanced user interfaces and overall performance of multiple Laravel projects by integrating React.js front ends.
- Contributed to the development of robust and scalable applications by integrating Angular 13 and 14 frameworks for Symfony projects.
- Ensured compatibility with multiple browsers by producing websites that work seamlessly across different platforms.
- Designed and updated layouts to meet the requirements of usability and performance.
- Integrated various payment gateways, Google Maps, Facebook, and other social media APIs and SDKs.
- Built frontend applications using a combination of JavaScript, Node.js, Angular, and React technologies.

Nizlogger Pvt.Ltd

Jan 2018 - Sep 2019

Front End Developer

- Utilized WordPress and other editing software to provide front-end website development services.
- Strategized website development by converting mockups into functional web presence using HTML, JavaScript, AJAX, and JSON coding.
- Integrated Payment Gateways, Google Maps, Facebook, and other social media APIs and SDKs.
- Successfully delivered an E-commerce project for Korean Cosmetics on the OpenCart platform, ensuring a seamless online shopping experience.
- Developed a Community portal for Mumbai Korean Association using XpressEngine CMS, built with Laravel, and translated all necessary codes and files from Korean to facilitate effective communication.
- Implemented emerging technologies to update and maintain site functionality.

Nikulsan Pvt. Ltd.

Feb 2015 -Dec 1017

Sr. Web Developer

- Led and managed a team of 4-5 designers and developers, overseeing collaborative efforts on various projects.
- Delivered top-tier front-end code (HTML, CSS, JQuery, JavaScript) for a diverse portfolio of web and mobile projects.
- Collaborated closely with development teams to design and implement seamless user interfaces and experiences.
- Executed the creation of site layouts and interfaces based on design concepts, employing HTML5 and CSS3 best practices.

- Performed regular maintenance on existing sites and applications to ensure continuous optimal performance.
 - Integrated websites with marketing automation tools and diverse third-party applications for enhanced functionality.
 - Provided valuable insights for new development initiatives, particularly focusing on efficient data integration with XML and SQL database systems.
-
